Professional Summary

Computer Science undergraduate with proven experience developing full-stack applications that deliver measurable performance gains. Executed 3+ projects using Java, ReactJS, and Firebase, accelerating backend and improving UX . Combines technical programming expertise with UI/UX design skills to deliver scalable, data-driven web solutions with 40% higher engagement rates.

Technical Skills

- **Programming Languages:** Java, JavaScript
- **Frontend Technologies:** ReactJS, HTML5, CSS3, UI/UX Design (Figma)
- **Backend & APIs:** Firebase, RESTful APIs, JDBC
- **Database & Tools:** MySQL, Maven, Git/GitHub
- **Testing & Quality:** Manual Testing

Professional Experience

UI/UX Design Intern

May 2024 – June 2024

Codercave

- Crafted responsive prototypes for 5+ web applications using Figma, boosting cross-platform usability for 200+ monthly visitors
- Drove 25% improvement in usability metrics through user testing sessions with 15+ participants
- Established design system with 30+ reusable components, cutting development time by 20%

Key Projects

E-Commerce Application

June 2024

- Built a full-stack web application using HTML, CSS and JavaScript to display and manage over 100 products
- Managed more than 50 daily transactions with a simple and clean interface
- Integrated secure payment system and made the website responsive for mobile and desktop users

Student Management System

March 2024 – May 2024

- Created a Java desktop application using JDBC and MySQL to handle over 500 student records
- Used Spring Boot to build the backend and make data management easier
- Added login system with different user roles to keep data safe

KidsLearn Educational Web Application

November 2023 – December 2023

- Designed the user interface in Figma to make learning more fun and easy for kids
- Developed a responsive frontend using ReactJS that works smoothly across different browsers
- Added a quiz feature that adjusts difficulty based on the student's performance

Education

Sri Manakula Vinayagar Engineering College

2022 – 2026

Bachelor of Technology in Computer Science Engineering

MAM Matric Higher Secondary School

2021 – 2022

Higher Secondary Certificate – State Board

MAM Matric Higher Secondary School

2019 – 2020

Secondary School Certificate – State Board

Certifications & Training

- **HackerRank** – Java Programming (Basics Certification)
- **NPTEL** – Programming in Java (Elite Grade Certification)
- **NPTEL** – Software Testing (Course Completion)
- **Scrimba** – HTML, CSS & JavaScript (40+ hours, Final Project Score: 95/100, 2024)
- **Coursera** – Google UI/UX Design Professional Certificate

Achievements & Recognition

- **Finalist** (Top 8 out of 120+ teams) – VoidHacks 3.0 Web Development Hackathon, SVVV Pune
- **Top 16 Finalist** (Selected from 300+ applicants) – Unisys Innovation Program (UIP-16)
